

## Services

### Certified translation

Sworn, Notarised and Apostille translations supplied to meet the most demanding legal requirements.

All translations are produced to the ISO 9001 : 2015 Standard.

### Transcription

Accurate conversion of audio recordings into a translated text version.

### Interpreting

Simultaneous, consecutive, face-to-face, telephone and video interpreting services to support all legal needs.

### Machine translation

Used to provide fast, gist only translations where time is of the essence in gaining an initial understanding.

For larger tasks Machine Translation can be combined with post-editing delivering a fast summary translation.

## Legal translation

In today's demanding commercial environment the need to convey complex legal instruments in a translated form has become a key part of most organisation's day-to-day business activity.

You'll be familiar with the changing demands associated with the growth of your business. Property leases, tenders, contracts, intellectual property agreements and personnel recruitment generating just a few of the typical demands that may arise.

There will of course be those occasions where litigation can't be avoided and it's then critical that a clear understanding by all involved is achieved - regardless of language combinations.

Prestige Network have 26 years' experience in supporting quality and time-critical legal translations that meet the most demanding needs of in-house Counsels and independent law firms.

From our UK hub, we service clients across Europe, the USA, Middle East and Asia.

## Subject specialisms

Our multilingual legal services cover a variety of content and specialisms, including:

### Commercial Law

Contracts, Licences, Terms & Conditions, Privacy Policies

### Corporate Law

Documents forming part of the due diligence process, Articles of Association, Shareholders' Agreement, Certificates of Incorporation

### Property Law

Marketing Authorisation Documents and Stock Management Policies

## Security

Like you, we take security very seriously. In addition to CyberEssentials Certification we are currently undertaking the ISO 27001 Standard (information security).

With robust data handling and security procedures, including secure destruction of paper documents you can be confident that your data will be managed professionally and securely.

As an accredited supplier to the Crown Commercial Services, it's conditional that our security procedures are compliant and are, of course, subject to external audit.

## Quality

Our approach to every legal translation request is one of total quality. Our quality regime extends from initial evaluation, through project and translation management to data handling.

All quality processes are encapsulated within our ISO 9001:2015 Certification.

We're one of a select handful of suppliers to have been accredited by the Crown Commercial Services; an endorsement that can be trusted by public and private sector clients alike.
